

# LET'S BUILD THE FUTURE TOGETHER

**Join us as a Machine Repair Mechanic.**

Machine Repair Mechanics repair critical equipment, perform preventive and predictive maintenance, and complete mechanical hardware upgrades. Along with this, they communicate accurately, concisely, and professionally with customers on essential repair steps taken, parts ordered, and time estimated until completion. Plus, they repair/replace defective equipment, overhaul/rebuild, and assemble a wide variety of plant equipment, including Numerically Controlled (NC) machines, robotics & end effectors, modular assembly equipment, precision-built machines, and material handling stationary generator sets, and process equipment.
